- \* [www.charlottedebrabandt.com](http://www.charlottedebrabandt.com)

# Role of Procurement

# New trends

# Technologies are changing the world

AI

Blockchain

iOT

# Logistic industry

- \* For them it's very important that the containers arrive safely to the harbour – aim for all goods to be transported on time

**"Digital is the main reason just over half of the companies on the Fortune 500 have disappeared since the year 2000"**

Pierre Nanterme  
CEO of Accenture

A survey done by the Global Agenda Council on the Future of Software & Society shows people expect artificial intelligence machines to be part of a company's board of directors by 2026.

**Digital is changing a lifecycle of a company - The digital disruption of procurement has began**

# The future is now

Implement SRM

Audit the Supply Chain

Develop Suppliers

Customize the Supply Chain

NOW

# What will you do?

## Option 1

Remain with  
disaggregated  
suppliers

## Option 2

Move in a strategic  
direction and develop a  
strategic focused supply  
chain

Thank you!
